

# SHE ALERT

## Cut Leg

Date of incident	8th March 2024		Directorate	Operations SEPD	
Region	South East	Location	Solant Park	Classification	LTI
What happened ?					
<p>A contract partner accessed the back of a flatbed lorry to dispose of some joints they had removed from site. They intended to dispose of them from the bed of the lorry into a skip they had parked next to. While on the bed of the pickup, our contract partner slipped causing their right shin to strike the tail-stop on the tailgate of the truck. Our contract partner received first aid on site and was taken to hospital where they received three stitches.</p> <p>Whilst we are investigating this incident it is important to remember to:</p> <ul style="list-style-type: none"> <li>• Ensure you complete a risk assessment before completing all works.</li> <li>• Actively look for hazards and then manage the risks.</li> <li>• Always ask questions if something doesn't feel or look safe – if it's not safe, we don't do it.</li> </ul>					

Cut sustained to the right shin.
