2

Keeping the energy flowing

TRANSPOWER

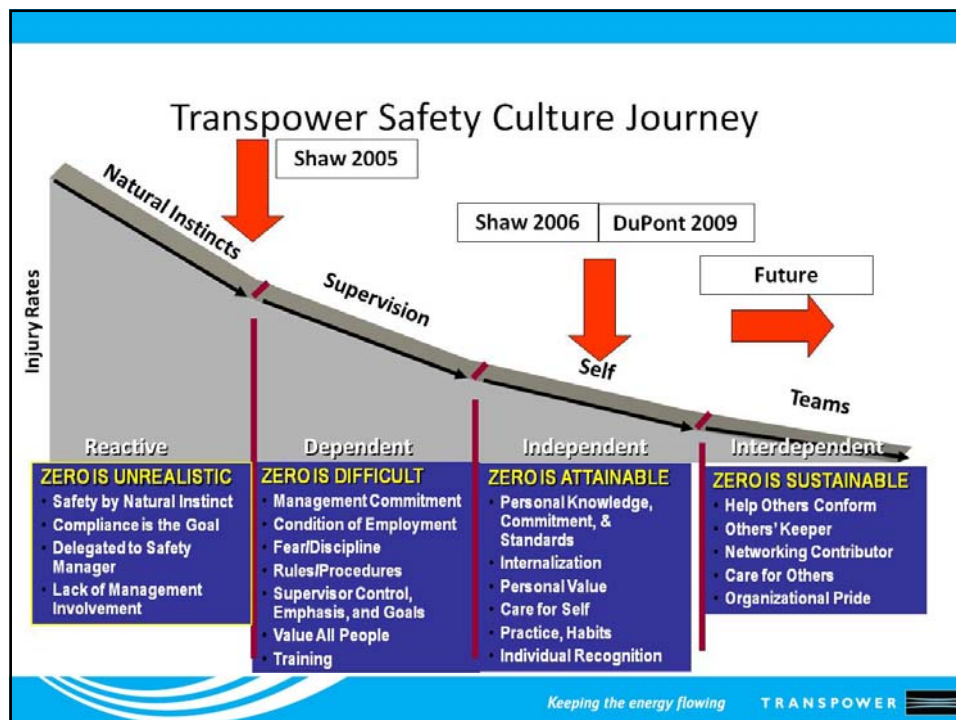

Back in 2008...

- 'Safety' owned by corporate function
- Focus on lagging statistics, not on events or indicators
- A compliance, rule-based system

3

Keeping the energy flowing

TRANSPOWER

Values

- Respect from our customers, stakeholders and communities
- Performance from our people
- Excellence in our operations

TRANSPOWER

Safety

- We put safety first
- We take responsibility for our personal safety and the safety of others

Commitment

- We are committed to achieving Transpower's purpose
- We work to an open standard and are committed to seeking solutions that balance stakeholder interests

Community

- We work positively together and value the contributions of others
- We respect the interests of all our stakeholders and the environment

Delivery

- We take responsibility, individually and collectively, for achieving our business goals
- We have pride in delivering on our promises

Keeping the energy flowing

5

Keeping the energy flowing TRANSPOWER

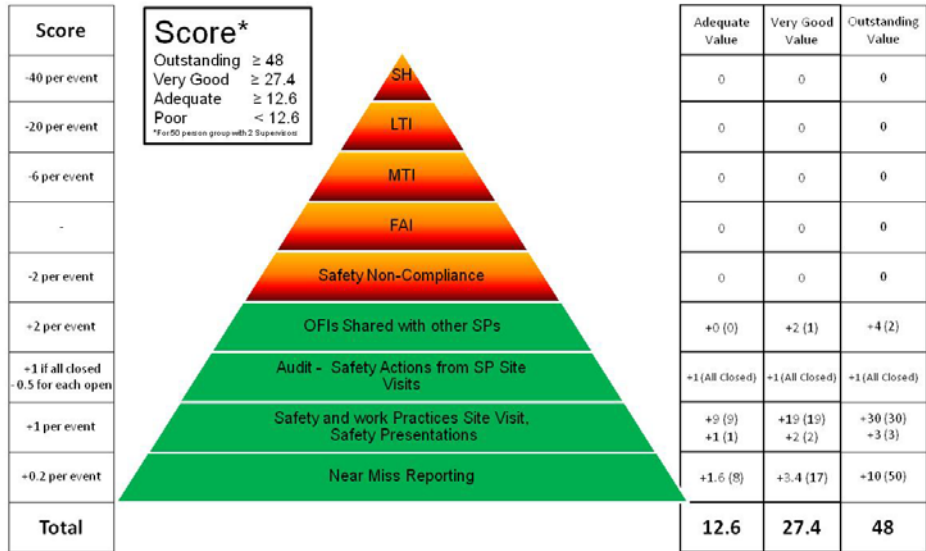

The last two years – some progress

- Commitment at executive level – the Central Safety Leadership Team
- PPE upgrades have been adopted, and have saved us more than once
- Pockets of excellence – United Group's 1 million hours LTI free
- Full safety triangle reporting

9

But, what has been lacking?

10

- New focus in and from the office!
- Lifting our presence and support at the site

11
