Differences between the EEA & StayLive

StayLive:

- Collaboration
- Industry wide – H&S Focused
- Drive sustainable improvement in the generation industry

EEA:

- Professional association
- Engineers in the electricity industry
- Provides technical safety and engagement leadership
- Organizing events and forums
- Offers training and competency guidelines

The logo for StayLive features the word "STAY" in black uppercase letters above the word "LIVE" in black uppercase letters. A red line is drawn horizontally across the middle of the letters, starting from the left edge of the slide and ending at the right edge of the "LIVE" text. The red line is positioned between the "A" and "Y" of "STAY" and the "I" and "V" of "LIVE", creating a stylized graphic element.

**STAY
LIVE**

What does StayLive do?

- Pooling resources.
- Structured meetings.
- Updates on current initiatives.
- Share learnings.
- Preparing industry guidelines based on common approaches.

Current Working Groups

StayLive Competency Tool

Work Control Procedures

Training & Competency

Emergency Response

Industry Induction

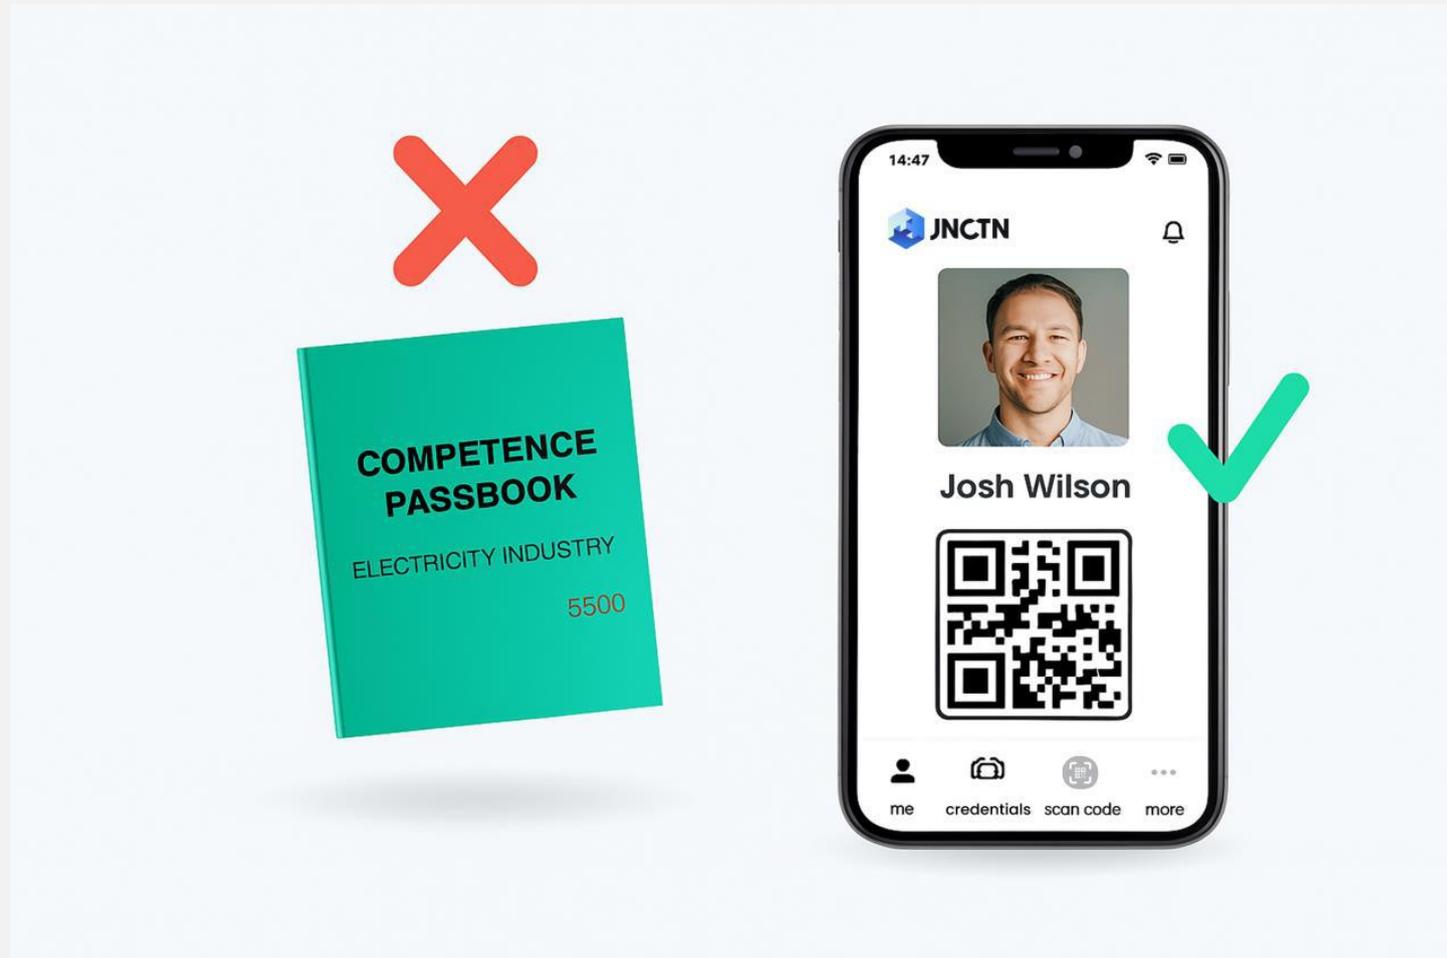

Process Safety

Fatigue Management

The logo for StayLive features the words "STAY" and "LIVE" stacked vertically. The letters "S", "T", "Y", "L", and "I" are in a bold, black, sans-serif font. The letter "V" is a thick red line that starts at the top of the "Y", goes down to the top of the "L", then goes down to the top of the "I", and finally goes down to the top of the "E".
