

Annual Power Engineering Exchange

APEX | 2025

ENGINEERING TOMORROW'S ENERGY FUTURE

11 NOVEMBER 2025

8.30am to 6:00pm

CONNETICS

11 ISLINGTON AVENUE, CHRISTCHURCH

APEX is a conference for graduate engineers, of any discipline, in the power engineering industry and a great opportunity to share experiences while learning from the presentations of others.

Networking at events such as the APEX summit is an excellent way to start relationships and gain exposure to the industry.

APEX is now also a must-attend for students willing to meet and get useful advice from graduates, or simply to hear about some fantastic projects and understand the electricity industry.

ENGINEERING TOMORROW'S ENERGY FUTURE

At APEX 2025 we invite you to share your collective knowledge and experience on how you are working to deliver more sustainable, customer-centric energy solutions, and resilient infrastructure while continuing to deliver a safe, reliable, and secure electricity supply to our communities and businesses.

Your presentation could cover topics or projects on:

- Consumer/Community engagement in energy transition
- Emerging technologies and flexibility
- Sustainability and environmental excellence
- System Integration and Big Data impacts
- Asset engineering – management, optimisation, and integration
- Enabling distributed energy resources (DER)
- Asset management, climate change, resilience, and future asset planning
- Artificial intelligence, automation, digitisation, and communication

CALL FOR PRESENTATIONS

We encourage you and your staff to offer presentations by submitting a 200-word (one paragraph) abstract on a topic applicable to the power engineering industry.

The programme allows for up to 12 presentations. Each presentation is a 20-minute MS PowerPoint presentation (approximately 12 slides) plus up to 5 minutes for questions.

Check out past years APEX presentations on the [EEA website](#)

Notes:

- Entrants must be graduate engineers with up to 5 years' experience in the electricity supply industry.
- The EEA reserves the right to limit the number of papers accepted per organisation to 2, should there be high demand for places.

Additional papers submitted will still be reviewed and may be accepted should space allow. This is to encourage a diversity of speakers from across the industry.
